

## Workplace Technology™ Collaboration Solutions

DTEN has combined the power of groundbreaking interactive hardware technology with best-of-breed software-based video conference room solution, Zoom Rooms. Best-in-class mic array with 16 directional microphones clearly picks up the voice of the speaker. A 4K wide-angle camera provides a face-to-face in-room experience for remote participants. Proprietary DSP from DTEN and Zoom, keeps voices crystal clear and distracting background noise to a minimum.
